39) This formed the subject matter of a Representation brought before the R A Session of 1947. The Representation was accepted and it was assured that the Election Rules would be suitably amended to enable the elected members of Municipalities to take charge of their office soon after the elections. Such a provision exists in the case of District Boards.

40) Draft notifications were accordingly prepared but it is now suggested to examine the Government only the gazetted notifications for these officers to enter upon their duties in the case of Town and Minor Municipalities, according to the prior approval of Govt. to the

42) The object of the Representation is to eliminate the delay in the presidents and Vice presidents assuming office after the elections These objections cannot be fully attained if they Should wait for the approval of Cabinet to the elections due to the following reasons —

43) The Results of elections with the Records are Sent to the D C concerned who will have to wait for Seven days for objection petitions if any Contesting the Validity of the election Objections if Received in this behalf may are heard by the D C who will thereafter forward the election Records with her opinion for the approval of Cabinet These formalities occupy usually a month and even more After the approval of the election there will not be much delay in its publication in the gazette as it waits

cannot invariably appear in the very next issue. Hence the doing away with the gazette notification may not go far to satisfy the requirement of the case

Vide 2/12/48 Pr 2.12.48

44) The suggestion made in para 38 has been examined in detail in the above paragraphs

45) But the requirements will not be met fully by curtailing the procedure, as the period that elapses between the date of appointment of election officers and the date by which the notification of the fact in the Gazette is not at all much.

46) Hence in common with the practice prevailing in the case of presidents' elections and of the presidents' elections in the municipalities in the neighbouring provinces, the most desirable course is to accept the suggestion made in para 38 and the draft notifications in accordance with the orders at-

Sir,

I have the honour to state that under the rules regulating the election of Presidents and Vice Presidents of City, Town and Minor Municipal Councils, prescribed in (1) C O No L 3957 M1 56-21-14 dated 28-11-1924 (2) L 3055- M. 207-27-1 dated 26-11-1927 (3) L 8264-M1 25-34-1 dated 22/29-5-35 (4) L 8265-M1 245-34-2 dated 22/29-5-1935, (5) L 6670-M1 56-41-128 dated 3-2-1942, the elected candidate shall have to enter upon his duties after Govt have notified their approval to the election

2 The validity of the election of the President or Vice President may be contested by a petition signed by at least three ~~candidates~~ councillors within seven days from the date of election Upon receipt of such petition, an enquiry into the allegations contained therein, has to be held and the result of enquiry has to be submitted to Govt for orders In practice, it is found that the defeated parties take their own time to produce evidence on some ground or other and the enquiry is prolonged for months together with the result that the elected candidates cannot enter upon their duties until the election is approved and notified by the Govt

3 In this District, there are six election disputes, the details of which are as noted in the margin Thus it is seen that the elected candidate shall have to wait for a very long time to enter upon his duties Even in cases where there are no disputes, the elected candidate shall

11) The rules state that there are nine Committees proposed but according to the resolutions dated 24-3-48 & 19-3-48 there are only eight Committees the name of the "market Committee" is omitted and it is included in the rules

Subject - Rules framed by the Davangere City Municipal Council under Section 49(a) of the Mysore City Municipalities 1933 re appointment and constitution of Committees

Sir,

With reference to your letter No MC 139/47-48 dated the 24 May 1948 on the above subject, I am directed to observe that the Rules show that three are no Committees proposed

indicates

as extracted in the margin

which according to the

resolutions dated 24-3-48

and 19-3-48 there are

only eight Committees

(1) The Managing Committee.
(2) The City Improvement "
(3) The Bye-law "
(4) The Reading Room "
(5) The Market "
(6) The Audit "
(7) The Octroi "
(8) The Water Works "
(9) The Health "

The name of the "Market-
Committee" is ~~omitted~~ not mentioned
in the Resolution which
it is included in the
Rules. This may be explained
2 I am further to observe,
with reference to the
work of these Committees
is of an advisory nature
and a multiplicity of these
Committees as proposed
may not be helpful ~~they~~
~~may not meet so often as~~ can
~~anticipated and transact~~
~~the business entrusted to them~~
The Managing Committee is
a Statutory ~~Committee~~ body
and it can attend to almost all
the functions of the other proposed
Committees for example

There seems to be no need for a separate Octroi Committee, as the Collection of Octroi is more of an executive nature & there is no such Committee either in the Bangalore City Municipality. Similarly, there is no need for a separate Market Committee and Water Works Committee I am therefore to request that the question may be placed before the Council for their recommendation in this regard and then further views obtained & forwarded at an early date as steps depends to Constitute only as these Committees as possible & for guidance which could function effectively for the purpose given in the Act I have &c
